Customer Reviews

This is a waste of money and all the 'secrets' are openly public easily via star dew forums on reddit. it's NOT a nice 'pretty' guide. it's horribly edited. it's formatted terribly and almost impossible to use

effectively. Don't buy this 'book'

"Stardew Valley Life SUPER SECRETS" Start a new life in StardewValley: A day when you feel crushed by the burden of Modern Life your bright spirit fade ... Hidden Strategies for RPG Games Book First of all I rarely give 5 ***** stars to any book but this one is an exception with a hardcover which shines so much I brought this thinking its just a few page cheat book but i received a hardcover 300 page book with coloured pictures of the game I love stardew valley , I spend almost 3-4 hours everyday in the game, It keeps me sane, There's no game story like this one, but i always used to get stuck while mining and my character will get lost during the game, this book helped me easily end the game in a jiffy There's a light at the end of every tunnel, you can turn your kids into animals in the tunnel I love the following shrines The dark shrine of memory, the shrine of selfishness ,the shrine spawn on your farm strange bond. If you Love the game you will love this book.. Recommended for every Stardew valley lover
