Multiplication 0-12 Flash Cards

Synopsis

Help tune up your child's multiplication skills for speed and accuracy. Math speed drills take place in almost every school so help get your child on the fast track to positive test scores. Your child can hone his or her math skills now by working individually or with a friend, gaining efficiency and proficiency. Learning is fun, but developing math skills can be challenging. The cards will help your child relax and enjoy the learning process. Perfect for home or school! Ages 8 and up.

Customer Reviews

For over 35 years, School Zone has been an innovator in children's educational products. School Zone creates a wide range of educational resources to support every curriculum.

My son has gone from uncomfortable in math to much more confident to math being a breeze. I'm certain these cards helped in that process. Big and easy to read. Durable for the most part. These are a solid buy.

Great quality, an excellent product especially considering the price. These cards have gone a long way to helping my child with Multiplication.

Nice large size with plenty of problems to challenge my son and help his memory. Excellent price and quality.

We've been using these as extra practice for our son and they have been very helpful :)

nice way for kids to review and memorize their multiplication tables.

grandson is getting better grades in math because of these cards

Great basic cards! Cannot beat the price and they are just what any 3rd grader needs!!!!!!

Just as expected. Perfect for my third grader to practice her multiplication facts.
