40-Day Financial Fast: Shifting Your Paradigm Toward Financial Freedom

Synopsis

Do you have problem managing your money? Are you often discouraged about the condition of your finances? You are not alone! Most working Americans are in an uncomfortable amount of debt and/or have serious problems managing their income. Studies show that the average American can't even get their hands on \$1,000 of their own money at any given point in time. Why is it that so many people are bad with money? Much of the problem is that many Americans just are not being taught the very rudimentary basics about money, strategies to manage it, or key concepts regarding making it grow and work for us. The average person with a regular income is simply living from check to check, and are financially bound because of their failure to make wise decisions with their money. So bound that if they missed receiving one to two paychecks, they would be evicted, be inconvenienced in some serious way, or experience utilities being disconnected, because they are paycheck dependent. In this book, I provide simple financial concepts, strategies, and ideas that are geared to help break the cycle of self-defeating financial behaviors and poverty mindsets being regularly displayed by most. This book utilizes biblical principles, practical advice, and personal insights to change your paradigm about money and the way you should be using it to enrich your life. This work is designed to guide you towards an immediate turn around; to detox you of your addictive spending habit; to open your eyes to your wealth potential; and to expose you to ways you can become financially free and finally start building wealth. Whether you are married, single, a college student, a young adult, or retired, this book will definitely challenge you financially in ways you have probably never been challenged before, and it will get you thinking differently concerning your hard earned money. You are guaranteed to adopt a wealth mindset, and begin feeling better about being in control of your finances at last.

Book Information

Paperback: 140 pages

Publisher: D.L.Williams (June 5, 2017)
