Spanish Audio Flash Cards: Learn 1000 Spanish Words - Without Memorization!

Synopsis

Learn 1,000 Spanish Words - -Without Memorization! Did you know that you need only 1,000 Spanish words to understand 76 percent of all Spanish nonfiction writing, 79.6 percent of all fiction, and a whopping 87.8 percent of all spoken Spanish conversations? Now you can take a shortcut to Spanish vocabulary by learning 1,000 of the most common Spanish words covering 26 themes - with no need for rote memorization. All you need is six to seven minutes per day to listen to audio drills. The exercises will teach you 20 to 25 Spanish words each day through a repetition method designed to help you grasp the words naturally. *Pronounce Common Spanish Words the Right Way* The drills are narrated by a Spanish speaker and guaranteed to help you learn and practice correct pronunciation, as it is spoken by native speakers today. Each word is spoken first in Spanish, with its English translation (spoken in normal speed) and one more time in Spanish, but spoken in slower speed. Highly Convenient and Effective Each daily session lasts for six to seven minutes and is very easy to follow. You can listen to the drills practically anywhere - during your commute, while driving, while running, while doing chores, or during any free time you have. The words are divided into 26 themes, making it easier for you to focus on the topics you are most interested in.

Customer Reviews

The ebook exceeded my expectations in the sense that it covered a wide range of subject than I had expected. Pro's Repetition - studies have shown that repetition helps learners to grasp new materials quicker than just hearing/seeing once. I definitely thought this was a good idea. Genders were listed. Everyday words were used making learning relatable. Excellent for persons who are

already familiar with Spanish but needed a refresherConsI have not gotten the pdf file that was mentioned at the end of the tape. However based on what I heard a taperson alone will not suffice for someone who has never been exposed to spanish.Overall, it was very good

This tool is an "on-the-go" kit coz' even if you're up for something, you'll get to learn words without cracking your brains off. It helps master simple terms through repetition for a better retention. Grab yours now!

Spanish Audio Flashcards provides a good review of vocabulary I learned years ago and also a good introduction to new words. I appreciate the clear, intuitive format. The reader indicates the gender of every noun. I also appreciate the fact that if there is more than one word used in Spanish for an English word Â“ for example, Â“teacherÂ” or Â“bossÂ” - that the text includes these. I mostly listen to the audiobook while driving to and from work. I plan to keep listening to it to help me understand my Spanish-speaking co-workers.
