# The Big Book Of Table Toppers

## Synopsis

Long and skinny or short and wide, modern and minimal or traditional and scrappy, the 56 toppers in this book fit any table. This collection features patterns by today's favorite designers. Styled photography offers a colorful preview of how the quick-to-stitch projects look on tabletops and shows creative ways to include the designs in your home decor. Seasonal and holiday-themed projects are ideal for gift giving and year-round stitching. Double the variety with two comprehensive sections: traditional, long table runners and diversely shaped table toppers.

ISBN-13: 978-1604688481

Product Dimensions: 8.4 x 0.3 x 10.9 inches

Shipping Weight: 2 pounds (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 stars 36 customer reviews

Best Sellers Rank: #37,185 in Books (See Top 100 in Books) #19 in Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Patchwork #28 in Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Sewing #29 in Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Quilts & Quilting

## Customer Reviews

Karen M. Burns is part of Martingale's industry-leading acquisitions team. This group of crafting experts specializes in curating the highest-quality patterns by top designers in quilting, sewing, knitting, crochet, and other crafts. Since its founding in 1976, Martingale has become synonymous with outstanding craft books, with more than 24 million books sold worldwide.

Loved the variety of patterns in this book, but even with the detailed instructions, I'm not sure that I could attempt many of them. I've only been quilting for a short time, though, and am not super confident in my abilities. A more advanced quilter would certainly do better.

First let me say that if you don't already have an excessive (my husband's word...not mine) amount of quilting-related books, then I'd give this book five stars for having a nice selection of table runners, toppers, and what could also be used as wall hangings. Projects include traditional, contemporary, modern, and sort-of primitive. Instructions are easy to follow. The reason I dropped one star from this book is simply because I already have a whole lot of these patterns from various other books and publications. Plus, there are six Kim Diehl patterns! which is more than any other one designer. Don't get me wrong, I'm Kim's fan and already own all eight of her books (plus have pre-ordered her latest one) but I was disappointed that I immediately recognized all but one of her patterns in this "...Table Toppers" book. Even with all the patterns that I already own, it was nice to see this collection of toppers and I found a handful of projects I would be interested in making someday.

Great book for quilt patterns

Easy to read and follow directions to create a table topper. You can also add extra rows for a small quilt with these ideas.

Really great book with a ton of ideas. I've already made a couple runners from this book. Also, it was reasonable priced.

It was a gift and she was thrilled.

Great book with lots of inspiration.

Wow! Great ideas
