## **Customer Reviews**

This is by far the best of the series so far. The plot is intriguing and the author keeps you guessing, revealing just enough to keep you wanting more. I have enjoyed how the characters have grown through the series and have become invested in what happens to them. I was not sure if I was going to enjoy this series as the first book started a bit slowly, but I ended up not being able to put it down. I am looking forward- with much anticipation- to the next book. I just hope Bella has #5 ready to release soon after.

This is the 3rd book in the series! Each book gets better . This one the kids ended up at Stillwater school. They went through another portal but have to wait for the fourth book to find out where they are!! If you haven't started this series, you should!!

Excellent addition to the Spellshadow Manor series. This book focuses on Alex's growth and strength as the friends face an even greater challenge. We also learn a lot more about what it means to "graduate".

This author continues to improve with each book, this being the best yet. I'm glad I gave the series a

chance after being pretty disappointed with the first book. Can't wait to read the next one!

Exciting! Although I can predict some of what's coming, I still am excited to receive the next chapter in this edge of the seat page turner. I'm extremely interested in what Elias has in store for Alex' girlfriend Ellabell. Hoping Jari finds Helina again.

The books in this series keep getting better! Bella Forrest draws the reader in with complex characters and an amazing story! Happy reading.

It has twist and turns, sometimes it does get a little boring and then it sparks up again. I still recommend reading.

The story continues, hard to put down book. Can't wait for the next one to show up in my library.
