very good condition. Thanks!

love it

Despite the importance of having several legal regulation all together in this book, I think it could be a bit cheaper.

I don't regret pay more than \$100 for it. The reading is enjoyable. And after you finish the class, you may sell it back if you don't want it anymore.

I buy the wrong book. I don't want the documents supplement version of Legal Problems of International Economic Relations. I want the Materials and Texts on Legal Problems of International Economic Relations. The website somewhat confused me. Why not exhibit Documents Supplement to Legal Problems of International Economic Relations? The Pictures of the two books are also ambiguous.
