Double Bass Drumming: For Drum Set

Synopsis

Joe Franco has played with artists such as Twisted Sister, Leslie West, Vinnie Moore, Taylor Dayne, and Jack Bruce. Here he shares his incredible technique, featuring the first practical approach to playing double bass drums. Joe demonstrates fills, rolls, beats, and exercises to help develop independence and control. --This text refers to the Hardcover edition.

Customer Reviews

A little bit dated as to the content, seeing how it was written in the mid 80s, but still an excellent book. Really good for expanding ideas and absolutely perfect for anyone just beginning to play double bass. This book is a classic and any drummer who plays double bass should have it in their library.

Do you want to play double bass? Whether you are just beginning to learn double bass or if you are a double bass player looking to improve your technique then BUY THIS BOOK. I use Double Bass Drumming with my drum students. The Joe Franco book is straight ahead well written and filled with lots of double bass rhythms & fills. Joe will show you how to use both hands & feet to play great combination fills. Buy this book & The Joe Franco Double Bass DVD & you will have what you need

to get the double bass happening. Just remember the main thing is PRACTICE PRACTICE PRACTICE good technique takes time and hard work to develop.

Good exercises for learning and/or warming up and working into personal grooves.

This was referred to my husband by his drummer friend and it arrived perfectly and within days of ordering.

This book teaches you to work with your weaknesses of double bass drumming. If you think your a solid drummer with double bass, I suggest this book to you. It teaches new techniques that require most to think outside of their comfort zone and get stronger in weaker areas. A really great buy.

This is a great product. There's so much to learn in this book, it's insane! If you're looking to get into, or improve your double bass, then this is definitely a lesson book you're going to want to have!

Through years of teaching drumset, I still find this to be the most useful of all Double bass drum books, despite its age, due to the extent of the variety of exercises it exhibits. Not to be overlooked

simple and nice - this is a very good product - I do recommend it based on my purchase - thanks
