## **Customer Reviews**

This is a great little book. I'm 30 years old, and have a slightly unhealthy fascination with Disney history. So I was thrilled to see this one re-released. This also helped me decide to start a collection of books for my future kids. What was even more thrilling was to see Disney place Patricks house in Disneyland near the Indiana Jones Adventure. It's the little things like that which Disney does that put a smile on my face.

Just when I thought I knew everything there was to know about Disneyland from going on the many Disney forums for years, I happened across someone talking about this book! It tells the story of the Little Man of Disneyland and you can actually find where he lives in the park! I got this book for my teen daughter and put it in a "We're Going to Disneyland" surprise package ... of course it's way under her reading level but she thought it was pretty cool and we had fun looking for the Little Man's

home at Disneyland, so the book is not just for kids. Nice illustrations and a fun story.

I love that this book is still available! I can't wait to go search for the Little Man when I'm next at Disneyland--yes, he's really there (or at least his wee house is). I'd seen a picture of his house at Disneyland and then learned about this book. It's a cute little story for any Disney fan, and made more special for those that can go to Disneyland and see the house.

So happy to see Patrick Begorrah back in print! I have just painted a round table top as an orange tree and the base as the trunk so my grandson will have a secret place to read this wonderful book. I had many visits to Disneyland as a young child where I walked Adventure Land with my eyes glued to the shrubbery looking for Patrick's wee house. I bought the reprint on my Kindle and as a hardback, too. I will now retire my raggedy old book.

I had never heard of this story and was pleasantly surprised to run across this little book (a Golden Book reissue) late last year. Written in 1955, this charming story about Patrick Begorra, a little man who lived in the orange groves in Anaheim where Disneyland now stands. Simple yet wonderful....and its nice to know he lives in the Magic Kingdom still!

Such a cute book! We were at Disneyland and a cast member showed us the little house in Adventure Land by Indiana Jones that belongs to the little man of Disneyland and I ordered the book right then and there. My daughter loved it!

My daughter loved tracking down the wee-man's house. It is there!!! I saw it!!!!!!

An enchanting book not just for younger audiences, but anyone who loves a bit of Disneyland history. Come learn the story of Patrick Berroga, one of the Little People who lives peacefully in his home at the base of an orange tree in Anaheim- until Mickey Mouse, Donald Duck and Goofy show up with shovels and other equipment to start building Disneyland. After a naturally hesitant start, Patrick learns about the plans for Walt's park and grants permission for Disneyland to be built, afterwards moving in to a new home- but only he knows where!
