Customer Reviews

I recently broke the glass lid of our 32 year old wedding present slow cooker and hence received a new slow cooker for Christmas. Having the new shiny slow cooker has peeked my interest in slow cooking again. I was therefore greatly pleased to find this book containing 40 low carb slow cooker recipes for chicken. My husband and I being empty nesters all too often resort to the quick trip to the nearest take-out place for dinner. Using this book, I have made the Perfect Parm Chicken Soup. What a delicious meal it made and I loved knowing all day that it would be ready for us to eat when dinner time came around. I didn't have to think about what to make all day. Another time I made the Parisienne Poulet. It was as yummy as it sounds! I added a quick salad and dinner was done! I will be using more of the recipes in my new crock pot, even during the summer months because the slow cooker does not heat up the kitchen, and I'm even busier in the summer than I am during the winter! Even if you are not counting carbs, this book should become your go-to cookbook for healthy and delicious meals!

I read the recipes in this book to see if there is something new to catch my attention. WOW... lots of new recipes, most take less than 10 minutes to prepare then you go and live your day and have a wonderful low carb dinner waiting for youenjoy! I am trying the cowboy crock pot chicken with only 3 or 4 ingredients tomorrow!

It is way over priced for what it is. I could make a better book with a copier machine and a stapler

Nothing better than a good slow cooker recipe that is low carb and will be ready when you get home

A gift my grand daughter enjoyed as it helps with her diabetes.

Securely packaged. Very pleased. Thank You!
