Customer Reviews

Franko Maps Ltd. is known for producing the best travel, dive and snorkel maps, guides and fish cards for California and other locations worldwide.

These little map cards are usually packed with lots of great info. At a glance you can find the best spots for diving, snorkeling, and surfing. Plus other handy info like where to park, kayak entry, dive entry, average temperature, etc. And there is a chart of common fish on the reverse side. This Crystal Cove one is pretty good. I learned there are two anchors from the 1850's, that are under water here.
