Harem: An MFMM Romance

Synopsis

Three guys are so much better than just two...They call her the hospital heiress. All that means to us is that we hold her by the hair as she screams yes. And trust me, when the three of us take her, she will do nothing but scream yes. I mean, three giant alpha males. Three pairs of hands. Three pairs of lips. Three c*cks inside of her. Shooting her up to paradise. How can she scream anything but yes?Is there a story in all this messy fun?There's a great story about love and betrayal. Jealousy and lust. All capped with a HEA that will have you sighing. But darlin', I'm telling you now. You're going to need a lot of...breaks. If you know what I mean. And if after you finish, your actions lend you to getting pregnant?We want you to name the girl Abby.

Great stories, although they need to be proofread. Many errors and occasionally the author got confused with their own characters. Thoroughly enjoyed reading!!

WOW! What a great book. I am always a little apprehensive when reading books about "menage" type of stories but hats off to Abby Angel. The story might be somewhat imaginary but it was so well written and enticing that you are immediately hooked. The story plot is "light", fun and so believable that you find yourself connecting with these wonderful characters, especially wonderful, sweet and fierce Elodie. I was sad that the book ended... It was that good!! This is the sixth book i am reading from Abby Angel and like the others, I will certainly read it again.I received a free copy of this book via Booksprout and am voluntarily leaving a review.

I received an Advance Reader Copy from Booksprout of this book for my honest review. But I bought it because I love all the ~ Angel~ books. Who wouldn't want the undivided attention of your man and Elodie has three! She's a Sultana of her Harem. WOW, I think that Abby Angel might have written their hottest book yet! This book is three times the hotness, extra extra extra steamy and risqu© story. Be prepared this has some very intense steamy scenes. This isn't just a book about romping good times! There also some suspense and a bit of detective work. Elodie is on the brink of getting her dream job as the Director of her adoptive father's hospital system. But first she needs to relieve some stress! She gets invited to the elite adults only club in town. There she meets not only one man but three men who want to take her, together, to heaven! Here's where things get a bit weird. But I'll let you read it to find out the rest! Let me just say I loved the good times and the story line in this book. I couldn't put it down!

Elodie's parents died and she was raised by Al. He paid for schooling and everything. He got in a car accident and was in the operating room. He gets to his room and says he is going to use the surgeons. Elodie goes to an exclusive club to blow off some steam. The three surgeons are there also. They take one look at Elodie and have to have her. You see they share. They all have the time of their lives. The next day in the local paper they have a video of the thing that happened at the club. And it all spirals from there. They all have feelings for each other. But first they have to clean

up the mess before they can all be together. Twists and turns in this story. Great read and a great HEA.

I received an Advance Reader Copy for Harem written by Abby Angel and voluntarily reviewed this book. Elodie Winters is poised to run one of the most prominent and renowned hospitals, the Havenfield General Hospital as a hospital administrator. She was raised by Al Jefferson, her adoptive father who was still recovering from a recent car accident and who owns a hospital firm. Only he was hellbent on suing the surgeons responsible for his surgery, which he alleges was malpractice and caused complications. Elodie goes out that evening looking for a certain type of stress relief and runs into three men at an exclusive club. An extremely memorable evening was had by allãœã ãbut the next day, word of their illicit meeting made the news, and Elodie discovers that the three men she had spent the night with were the owners of the private medical practice responsible for Alãœã ã™s surgery. Something doesnãœã ã™t seem right, however, and they all need to get to the bottom of it, so further steamy offerings and one-on-one meetings occurãœã ã| ;-D
