Customer Reviews

After struggling through the beginning I eventually became interested in this story. However, I question how much I will ever use all the vocabulary surrounding the subject of sorcery in the book.

I also found it difficult to go back and forth between the English and German versions of the same chapter in order to look up the meaning of new words.

The German writing was better than the English translation, but still very helpful!

And makes learning german fun. Makes you want to read on without doing the recommended re read. look forward to next
