Customer Reviews

I got married in Cape Cod last year. Never ever been there so I needed a reliable atlas of Cape Cod because we were planning to explore much of the Cape as we could. It was really helpful. I don't trust GPS systems because we had one that conked out on us before up near Boston right in the middle of trying to get back to our hotel about 45 minutes away. Thank Goodness I had printed out directions and had maps. If you plan on ever visiting Cape Cod, this atlas will help.~

It is awesome and I think anyone traveling should pick one up because there is nothing that compares except maybe GPS!
