Customer Reviews

This is a useful guide for anyone who wants to explore Brussels or Bruges for a few days. The guide is split into two sections, one for Brussels, and the other for Bruges. Each section has a list of the top 10 attractions for each city, and each attraction has background information and a map (plus a link to an online map).I think one of the highlights is the walking tour that is included in the Bruges section. This makes it easy to see the city highlights on a self-guided tour.Overall, this is a great little travel book for anyone spending a few days in Brussels or Bruges.

This Kindle guide hits the high points and is somewhat better than similar guides written specifically for the Kindle. Does it compare with Fodors, Rick Steves, or Lonely Planet? No, but then that's not the intent of an overview guide.

Disappointing! The book requires an internet connection for most of the information! Not up to par with other TRAVEL BOOKS!

Came in very handy Good purchase.

Very lightweight travel guide.
