David Sedaris Diaries: A Visual Compendium

Synopsis

A remarkable illustrated volume of artwork and images selected from the diaries David Sedaris has been creating for four decades. In this richly illustrated book, readers will for the first time experience the diaries David Sedaris has kept for nearly 40 years in the elaborate, three-dimensional, collaged style of the originals. A celebration of the unexpected in the everyday, the beautiful and the grotesque, this visual compendium offers unique insight into the author's view of the world and stands as a striking and collectible volume in itself. Compiled and edited by Sedaris's longtime friend Jeffrey Jenkins, and including interactive components, postcards, and never-before-seen photos and artwork, this is a necessary addition to any Sedaris collection, and will enthrall the author's fans for many years to come.
