Nicely laid out with many places to go in the regions including everything from "Things To See" to where the local farmers markets are. Look forward to exploring!

Nice book. Very comprehensive in coverage of things to do and extended writeup on each item.

Wow, so many things in this book have closed down. I took notes for days from it and then when I

went to look the places up online there were so many that no longer existed, or were now "vintage" or "scaled down" museums, or were "decrepid" or full of homeless people. It was very disappointing to have wasted my time. The publisher should revise the book before printing a brand-new-looking edition. I returned it to the bookstore. It had been a very nice book but is just completely outdated.
