German Picture Word Book (Dover Children's Language Activity Books)

Synopsis

Here's a pleasant and effective way for students of German to build and strengthen vocabulary skills. The book consists of 15 carefully rendered scenes • 14 double-page and one single-page • each devoted to a different theme or topic: Im Zoo (At the Zoo); Das Wohnzimmer (Living Room); Auf dem Bauernhof (On the Farm); Das Badezimmer (Bathroom); Das Schlafzimmer des MÄdchens (Girl's Bedroom); Beim Abendessen (At Dinner); Das Schlafzimmer des Jungen (Boy's Bedroom); Der Supermarkt (Supermarket); Das Klassenzimmer (Classroom); Am Strand (At the Beach); and five more. Each illustration contains dozens of common objects, clearly labeled in German. By studying the illustrations, students can learn over 500 words for common household items, clothing, foods, vehicles, furniture, names of animals, parts of the body, types of stores and public buildings, and many more. To help reinforce words and meanings, all the scenes in this book are ideal for coloring. In addition, a complete list of German words (with definite articles) and English translations will be found at the back of the book. The result is an attractive and useful language resource that will appeal to any student of basic German, child or adult.

Book Information

Series: Dover Children's Language Activity Books

Paperback: 32 pages

Publisher: Dover Publications (January 7, 1994)

Language: English

Age Range: 6 - 11 years

Grade Level: 4 - 5

Customer Reviews

I had this when I was a small girl learning German, and I was lucky enough to stumble across it here so that my son can have it too. The pictures are intricate enough to keep older kids entertained, while all the German words (with their articles) dot each scene appropriately. I bought one for my son when he's older and one for me so that I can relive my youth too. :)

I too was disappointed to receive this book and find that it was a coloring book, which my son was not interested in coloring. I wish that the description had stated it was a coloring book - I would not have chosen it, because, as each page is filled black and white outlines, it appears very jumbled, and it's not nearly engaging enough to read or look at frequently enough to learn a language from, not even as a supplement. The artistry itself matches the image shown on the cover, but they are line drawings only. For a student who enjoys coloring, this might be an excellent choice.

It is somewhat disappointing, but of course it is very cheap. If the inside were like the cover, it would be good, but it is inside a coloring book, only the black outlines given. Since the pictures are quite busy, and the word labels small, it is sometimes difficult to make out things without the color. My children were not particularly interested in coloring the fields, and anyway if the coloring is not done with much attention, the pictures will not get easier to understand, and the word labels will become even less visible. Leaving out the colors reduced production cost, but I think it really reduced the value of the book substantially. The oxford picture dictionary english-german is more useful.

The pictures have a wonderful amount of vocabulary...but the pictures are not in color. It appears to be a coloring book. Not exactly what I thought I was buying. We do still use it. Maybe once my little one has some coloring skills he could color it. But I wouldn't want the words to get colored over.

The kindle version of this book has pictures whose labels are too small to read when viewed on a kindle and become indecipherable when the picture is zoomed in (the pictures are bitmaps not vector graphics that can be zoomed in on without the picture losing quality).

This is a #1 book that all people should get with the anticipation of learning German and also having their children learn it as well.

Pictures are so hard to see...

Do not buy this book for the Kindle. The words with the pictures are illegible. I'm going to try to get a refund and may try the print version.
