Another Way To Climb A Tree

Synopsis

When Lulu's feeling well, she climbs every tree in sight, especially the tallest ones, the ones with the widest branches, the ones with the stickiest sap. But when Lulu's sick, she's not allowed outside. She wonders if the trees are lonely without her. Maybe the birds are too. Without Lulu, nobody climbs the trees but the sun. . . which casts a shadow on Lulu's wall. . . for her to climb. A Neal Porter Book

Liz Garton Scanlon is the author of many picture books for young readers including *All the World*, illustrated by Marla Frazee, which was a Caldecott Honor book and a New York Times bestseller. When she's not writing, Liz travels, reads, runs, hikes (preferably with her dog), practices yoga, and spends time with her husband and their two terrific teenage daughters. Hadley Hooper works as an editorial illustrator for numerous magazines and newspapers. She illustrated *The Iridescence of*

Birds as well as the A Small Thing...But Big. She lives in Denver, Colorado.

I had read Krakauer's account many times and found that this book adds a new dimension to what really happened. The book is very well written and helps flush out what went wrong and what went right. Undoubtedly, Boukreev deserves to be heralded as a hero for his efforts on that tragic climb.

Wonderful read!
