Customer Reviews

I'm impressed with the way the travel guide is presented. It just talks about different places worth checking out leaving me to decide how I want to go about my trip. It might not be best for people who are visiting for just a couple of days and want a full blown travel plan but I can see the benefit of having this as an extra guide. Like maybe I'll get bored after my tour and then that's it. I compared this with a few travel pamphlets and noticed plenty of new things in this guide. Really glad to own it!

My family has a plan to go in Texas and I suggested to go on Austin City. They agreed but for a condition' I'll be the one planning our tour. I definitely want to go there but I have only little knowledge about the place. So I decided to find a guide that will give a great trip for us. Then I found this and bought this book. I found this guide book very useful since it has a suggested areas which my family would enjoy. It has a specific area map, social media account and the website. It also explained why is that area will be a good spot for an activity. Great guidance provide by the author but well some of the website are down so I hope the author will revised the book and made it more updated. This is a great travel guide for Austin.

If you want to travel to Austin Texas this book is for you. This will helps you enjoy Austin since it offerLocal travel guide to tha best places you can visit. A good read!!

It was spot on for things to do in Austin and restaurants.
