Customer Reviews

I recently took up the tremolo harmonica and was looking for easy songs to play that would sound good on a tremolo. I was use to the singleholes on the diatonic so hitting 2 holes on a slide was tricky. There are songs in this book with notes close together and that's really helping me get it on these longer slides. Now the songs I've done are blowing in the wind, when the saints go marching in and silent night. There area couple other songs Ill be trying that look like they may sound good on a tremolo. All the songs are in the key of C.

The songs have been helpful, already, "Happy Birthday" , has been getting a real workout with a lot of birthday's this time of the year. We've even played over the phone twice to two people in Europe..

Tab only. I would have preferred notation.

not bad for under a buck 10 simple songs all in one compact package! i see some people complain but what more do you want for 99 cents? a very good buy indeed!

For the beginner it is excellent

Great for beginners .Will enjoy very much. I like home it's number . Hope I will be playing soon. Fun

perfect

It's not really for starters it's just mainly sheet music and if you don't like playing on numbers better than notes this is the one for you and bits based of of the c harmonica
