# 100 Greatest Cycling Climbs Of The Tour De France: A Cyclist's Guide To Riding The Mountains Of The Tour

## Synopsis

From the Col du Tourmalet to Alpe d'Huez, from Mont Ventoux to Luz Ardiden, these climbs are the beating heart of the Tour de France. Technology may advance, training and diet may evolve, but these mountains are constant. They have witnessed triumph and despair, courage and heartache, they are where champions are made and where dreams are shattered. And yes, the greatest arenas of the world's greatest race are open 365 days a year for every one of us to ride. So take up the challenge, emulate your heroes and make your mark on the 100 greatest cycling climbs of the Tour de France. For each of the 100 climbs this guide includes: A detailed description of the climb with an accompanying photograph; A map detailing the start and end of the climb with directions to help you find it; A factfile with altitude, height gain, average gradient, it's tour debut and category; A difficulty rating

SIMON WARREN has lived and breathed bikes and cycling for over 20 years. He's won a few races, held a first category racing licence and competed - and struggled - at the highest level in the

UK, but most of all he loves to ride his bike uphill. He spent seven years working as a designer at Cycling Weekly before leaving to broaden his horizons in 2003, although he still regularly contributes event reports to the magazine. He works in publishing and lives with his wife and daughter in London N16. His other titles for Frances Lincoln are 100 Greatest Cycling Climbs (9780711231207) and Another 100 Greatest Cycling Climbs (9780711232655).

A must have guide for those riding the big ones in France. Check 'em off one by one.

Very interesting and informative

Great product. Great seller!!

Great book

Fantastic book!

Enjoyed reading about the famous climbs of the Tour de France. This little books gives the reader a good idea of the nature of the climbs. I will refer to this book often while watching the Tour.

Fantastic book. Compact and with inspiring photos and great descriptions and ride information.

Excellnet information. Much better than TV picture where you have a hard time determining the hill incline.
