Gauntlet Fall (The Gauntlet Book 1)

Synopsis

Samantha Berry lives in world devastated by war. A fragile peace has allowed hopes for rebuilding to blossom, but they rest on the shoulders of those who run the Gauntlet, the lethal trail to the stronghold of the man whose strange creatures started the war many years ago. The stronghold lies deep in Torrentâ€™s Valley, protected by deadly weapons that defeat every attempt to penetrate it, and it holds information crucial to the survival of Samanthaâ€™s world. Samantha wants to go to Harknell School, where Gauntlet Runners are trained. The only trouble is, she's the wrong gender. Determined not to let a little thing like that stand in her way, she disguises herself, calls herself "Sam," and risks everything to learn the skills she needs. Fraught with unimagined dangers, Harknell shows Sam a whole new world and forces her to keep a cool head as she fights to maintain her place and become a Runner. Along the way she'll make lifelong friends, watch loyalties crumble, and learn what it is to love. In this scorching world that no one saw coming, . . .until it arrived.

Customer Reviews

Great first installment in a new series that competes with the likes of HP. The plot is like no other I've read, when there are so many in the genre. I can't wait for the next book in the series!

I received this book as a free copy. The story caught my attention immediately and I couldn't wait to read it. Don't let the prologue distract you because you will keep searching for it throughout the book. Just don't give up. The storyline of Sam, Toby, Craig, Arthur and the others as they struggle to stay at the school and fight for their country keeps your attention and wanting more.

I highly recommend this book. If you need a reminder girls rule. This will remind you. Can't wait for the next. This book was given to me for my honest review.
