Claw And Crown: A Gay Viking Fantasy Shifter MPreg Romance

Synopsis

Varghoss lives a lonely, tortured life under his stepfather, the king. He is the prince and true heir, but no one in the castle would dare to befriend Varghoss, lest they risk incurring the king's wrath. Friendless, Varghoss has only his dreams of a strong, handsome, alpha male to comfort him. Still, he imagines that he will never know the touch or the love that he longs for. But when the man he's seen in his nightly visions suddenly appears in the woods while Varghoss is on patrol, the wheels of fate begin to turn, and it's all Varghoss can do to hang onto his own life as his world turns upside down. Varghoss learns that the man from his dreams is Ulfvaldr, the leader of the shifter Wolf Tribe. When Ulfvaldr kidnaps Varghoss, hoping to incite a war for revenge with Varghoss's stepfather, Varghoss must make a choice. Will he follow his desire for Ulfvaldr and help him take his kingdom from his stepfather? His choice leads him down a dangerous path of battle, lust, and ancient magic. Varghoss will discover more about himself, who his parents truly were, and his kingdom than he ever thought possible. Claw and Crown, the first of its series, is a full-length, 43,000 word romance novel. Follow Varghoss as he embarks on a sword and sorcery adventure that could cost him everything or win him love, a child, and the only chance he has to learn who his parents really were and the true history of his ancient, Viking kingdom.

Customer Reviews

This author is my favorite for capturing the rough, action-packed days of long ago and the incredible heat between two virile men. Varghoss is a prince who lives a precarious life under the hateful eye of the king, Fundinn. Any who befriend or pay homage to him are punished so his life is a lonely existence. He longs for the touch of a man and dreams of one who makes him ache with need. Ulfvaldr leads a rough band of wolf shifters and comes to reclaim his place in the kingdom, a coexistence stolen by Fundinn. When the two come together passion and HOT sex ensue. Are their aims aligned or will these two be on opposite sides of the battle? Varghoss must learn how to lead and I enjoyed seeing his growth in this way. I loved Ulfvader's dominance (not dom/sub just very toppy) and Varghoss's insatiable need. There was plenty of action on the battlefield and in the bedroom. The mpreg was brief but featured in a nice way in the epilogue. I appreciated that the novellas that made up the story weren't released in a serial as the author has in the past but collected in a whole for us to enjoy at once. I was also excited that he has released his three earlier works in a single collection. I can't get enough of his stuff and look forward to more!

I liked His Fire by the same author so I decided to check this one out and I enjoyed it as well, I just wish the author had more work published.
