Customer Reviews

The book works fine, I got it as a required textbook for a 300 level college spanish class. However, I rented it, assuming it would be for the semester, I didn't specifically check the dates, and my textbook expired three weeks before final exams and I'm forced to fail the class or buy the book again. It's just an average book but they screw you over if you're renting it for class, so don't get it with that idea (I don't know why else you would get the book, sooo)

The book quality was a bit off.

Perfect condition and brand new!

good condition

It was good

exactly as advertised

In great condition!

Purchased as text book for my daughter's Spanish class. She has enjoyed this text book and will keep it for future reference. I do agree with one other reviewer in that this edition does not represent a significant improvement from prior edition and as such the price seems high. However my experience is that foreign language text books tend to be pricey and not purchasing this book was not an option if my daughter was to do well in the class.
