I will admit that I do not share all of the particular religious sympathies of the editor but that does not diminish my enjoyment of this collection of excellent heroic and inspirational poetry with a few equally moving prose pieces thrown in. How many books of poetry could you describe that way these days anyway? The pieces in this book range from touching verses about boyhood to beautiful examples of husbands' devotion to their wives. Others speak of the responsibility of fathers to their children and there is a section devoted to patriotism. (Most of that is solely devoted to American patriotism but I was very pleased to see a couple that were not nation-specific but about patriotism in general.) Though I have to admit as a military historian my favorites are classics such as 'The Charge of the Light Brigade.' Men today need more poetry in their lives and here is a collection which cannot be sadly brushed off as 'for wimps' or 'girly,' as far too many quality things are. The quality of the book is also exceptional for the price, heavy glossy paper and sturdy binding. I will be giving a few copies of this as gifts in the future.

A must have for the patriots library!

We love this book... it has many beautiful well written and nicely chosen selections of poetry that inspire and encourage while introducing poetry. Not an end all of poems or poets, but so many beautiful thoughts for the family to be encouraged by. Perfect for just adding to the family or the homeschool day after dinner or lunch or before bed... have even purchased it to give we are so happy with it!

We did NOT receive this book but instead a story of a missionary, a far cry from a collection of poems ! I notified the seller who said I would need to return it at my expense . Nothing was every mentioned about sending the correct book. Needless to say I didn't throw \$ down a dark hole and the book I received will be donated somewhere. Plan not to do business with this seller again.

We have ordered this book three times, because we keep giving it away!It is well written and refreshing in a time that Biblical patriarchy has not been embraced, but should be!This has an excellent compilation of poems for men, young and old.We have ordered many Vision Forum books and have always been very pleased with the quality and content in them.

What a bunch of conserative, backwoods, patriarchal BS. But not surprsimg, given the source.

This is a beautiful book. A collection of wonderful poems. It would make an excellent gift for any father. I cherish my copy.
