Customer Reviews

Authentic Edition, Level: Intermediate. Piano Part with Pull Out Section for Clarinet.

This was great sheet music. It was very well formatted, and it was the best version of this song I could find. I would highly recommend this to any clarinet player! I got it for my NYSSMA, and it's really wonderful.

With all clarinet and piano duets, there is generally two separate scores of the music. One score is for the clarinet soloist. The other score is for the piano accompanist. By the title of this product, I expected to receive both score of the Mozart Concerto. I was extremely disappointed when it came in and all that I received was the piano score. Be more specific in the title and description of your products.

It has both the piano and clarinet parts. My daughter's clarinet teacher told me to get it for her so she can learn to play it for the certificate of merit.
