# Understanding The Qur'an: Themes And Style

## Synopsis

The tenets of Islam cannot be grasped without a proper understanding of the Qur'an. In this important new introduction, Muhammad Haleem examines its recurrent themes -- life and eternity, marriage and divorce, peace and war, water and nourishment -- and for the first time sets these in the context of the Qur'an's linguistic style. Professor Haleem examines the background to the development of the surahs (chapters) and the ayahs (verses) and the construction of the Qur'an itself. He shows that popular conceptions of Islamic attitudes to women, marriage and divorce, war and society, differ radically from the true teachings of the Qur'an.

## Book Information

## Customer Reviews

'Has a breadth of reading and attention to style that readers will welcome ... Articulately presents ways in which contemporary Muslims understand their scriptures.' - Choice; 'Understanding the Qur'an is a priceless book, and I use it enthusiastically for my classes. For many of my students, Muhammad Abdel Haleem's introduction is their first contact with Qur'an interpretation, so it is really important to be able to assign them such an excellent piece of scholarship that is so easily readable and accessible.' - Natana J. DeLong-Bas, Lecturer in Theology, Boston College, and Visiting Lecturer in Islamic Studies, Brandeis University

Muhammad Abdel Haleem is Professor of Islamic Studies at the School of Oriental and African Studies, University of London. His Introduction to the Qur'an is also published by I.B.Tauris.

This was a helpful book. It discusses common themes which occur in the Qur'an such as Marriage and Divorce, Peace and War, and a brief history of the text itself. It makes a great companion to Professor Abdel Haleem's translation of the Qur'an. If I had to critique anything, it would be that it was slightly too short for me. I would recommend this book to new Muslims or those who are interested in learning more about the Qur'an.

Professor Abdul Haleem has transformed the way Quran Translation should be made. It is much more easier to read and greatly extends the understanding when Arabic is not your main language.

Fantastic text for Muslims and nonMuslims alike.

Good
