Customer Reviews

Few sporting events rival the NCAA Basketball Tournament in generating fan interest. This work represents the first attempt to provide a complete guide to the 52-year history of the tournament, and in nearly every aspect it succeeds admirably. Included is a year-by-year history that begins with a diagram indicating results from opening round to the championship contest. Box scores of every game ever played (1,563 through the 1990 season) form the core of the book, although a brief overview of each year's tournament, focusing on key games, reveals the ebb and flow of action and emotion often unreflected in the statistics. Individual and team leaders and records as well as profiles of prominent players and coaches round out the text. Future supplements and a 1993 revised edition are planned by the publisher. In scope, substance, and format this resource passes muster and is likely to become a staple of collegiate basketball reference collections.- William H. Hoffman, Ft. Myers-Lee Cty. P.L., Fla.Copyright 1991 Reed Business Information, Inc.

feel good . very good seller . This product is sleek, light, and extremely sharp! For what I paid, I thought this was going to be a Walt-Mart knock off quality bread product, but this thing has sliced through every bread I've thrown at it like butter! The handle is also really well designed and easy to get a good grip on, so getting nice, even, straight slices is really easy. fast shipping. for Tina ,

This is the Bible of the NCAA Tournament games. Mr. Savage provides all the box scores which for a fan like me is pure gold. To this day I scan this book come tournament time. If someone knows

Mr. Savage would they please beg him on my behalf to update this book from where he left off in 1990 until today. Heck I'll even order 5 books. Mr. Savage you're the best and thanks for giving fans like me great memories. Any fan will tell you that boxscores are always worth gold no matter the sport. Thanks.
