Customer Reviews

Excellent book. Only 3 stars because it's more for more experienced canoers. For them I think it may be a 4-5 star book. I gives me inspiration to get out there and do it!! Good guide book, covers many areas.!

This is an excellent resource. I feel a real debt to the authors. They describe a huge number of places with helpful descriptions and access points. A book like this gives someone not familiar with the area a good chance to enjoy it.
