Sophia Lowell is a talented and seasoned YA novelist, as well as a "Gleek." Each original Glee novel is written to reflect the show's intelligent comedic sensibility and quirky, heartfelt storylines.

This book was good it showed the thoughts of everyone Mercedes, Finn and Rachel. It showed that Finn was interested in Rachel before glee and that Rachel didn't only think about Finn and glee. It was good. Rachel is talented and she is important to glee more than anyone. She is what makes glee glee. Without her there wouldn't be glee. Only Mercedes, Artie, Kurt and Tina. Rachel is glee.

Went through the book really quick. I could picture the characters actually saying everything. It

helped explain a lot of things. Cory Montieth's death had made the news today so finishing the book was really awkward and felt weird knowing Finn will never be in another scene again. R.I.P. Cory

I loved this book and it reflects on just how it's supposed to be and the reality of it all.

It was really good you get more insight to the characters

This is a wonderful book. It's different from the show a little but still very good! I would recommend it!

Came on time and just as it was advertised

The book is fun and easy to read. It is full of wonderful facts about the characters from the show Glee.

Awesome! Thanks!
