I could not be happier with this CD. I am amazed at the mash up of songs! This is by far one of the best church cds I have ever owned. We listen to it every day! I wish there were more songs like this!

Beautiful music! The only thing I wish is that the CD came in it's own case with a notation of the

performers.

I love the songs. I was brought to tears by a couple of the songs. It's fun to hear new songs mixed with classics and songs you've heard forever with a new twist as it's mixed with a song you never combined it with before. The piano part is easy enough for a person with intermediate skills to sit down and play and yet sound good. A must for every primary!

One of the best display of Primary songs ever! I listened to every song on the CD. The creator does a great job mashing old songs with new. The primary is singing, "I Will Be What I Believe" and loves it!
