PandoraHearts, Vol. 24 - Manga

Synopsis

Someone once said that all they would find there was darkness that swallowed everything whole. But that never meant that light was nowhere to be found--They finally arrive at an answer to the question of how to save their world. It is the product of many months, even years. Cruel yet kind, it is a simple formula. Now, led on by the cogs of destiny, it spells the end of but one story...as if it were no more than a ridiculous fairy tale.

Customer Reviews

Jun Mochizuki is the New York Times bestselling creator of PandoraHearts and CRIMSON-SHELL. The success of her PandoraHearts series spawned an extremely popular anime adaptation.

My daughter is happy and so am I.

Pandora Hearts was the first manga series I read for myself and not because someone told me to. I love the characters, the complexities, and the art. I never knew how it was going to end and felt real tension and love over characters who live and was genuinely sad when characters died. It was a very good story and like I said the art is sooooo beautiful I love it so much.

arrived in perfect condition, authentic item

I love this series so much! The last vol is a must read!! I am very satisfied with the ending!!

One of my sons favorite series.

Waited for this

(Okay, so I've been following this series for almost five years and I am so pumped.)Honestly, the final volume came at a good time - the series was beginning to feel drawn out, and it became very difficult to follow all the characters. But I like how everything is wrapped up very nicely and has come a long way from the first volume. There is a myriad of twists and turns throughout the adventures of Oz, Alice and Gil, and I have to say that the last volume is no different. There is a resolution regarding Alice and the Intention of the Abyss, and the motives for Jack's past mania are explained. We learn about the fates of these characters, and although I wish I could have seen more character development - more layers for the Alice we've come to love in particular - the ending somehow feels right. I won't give anything away for fear of spoilers, but there are two main elements to the last chapters of this story:1) Battle/confrontation with the chains, as well as the Intention of the Abyss2) The equivalent of an epilogue with insight as to how the Abyss has changed itself and the lives of these characters (whilst preserving some of the mystery)While there are a few loose ends, I personally loved it. A very tasteful end to my favorite manga series of all time.
