Synopsis

A new second chance romance standalone from USA Today bestselling author J.M. Darhower. He's a troubled young actor, Hollywood's newest heartthrob, struggling with fame as the star of the latest superhero franchise. Through scandal after scandal, addiction on top of addiction, a flurry of paparazzi hunt him as he fights to conquer his demons. She's a single mother, assistant manager at a grocery store, existing in monotony with her five-year-old daughter. Every day when she goes to work, lurid tabloids surround her, the face of a notorious bad boy haunting her from their covers. A man and a woman, living vastly different lives, but that wasn't always the case. Once, they were just a boy and a girl who bonded over comic books and fell in love unexpectedly. When Kennedy Garfield met Jonathan Cunningham back in high school, she knew he had all the makings of a tragic hero. With stars in his eyes, and her heart on her sleeve, the pair ran away together to follow their dreams. But dreams, sometimes, turn into nightmares. Now, years later, the only thing they share is a daughter - one who has no idea her father plays her favorite superhero. But Jonathan is desperate to make amends, and at the top of his list is the woman who gave up everything for him and the little girl he hasn't yet met.

Customer Reviews

I truly love the writing style of J.M. Darhower, second chance romance are my favorite and Ghosted was such an amazing story between two people who met as teens and fell in love to then fight for love. I really enjoyed the concept of superhero comic book story coming to life and parallelling with the love story of Jonathan and Kennedy. Going from past to present in second chance stories is always a favorite, I always like to read how they fell in love and how they fell apart, making the makeup that much sweeter. I will always be a fan of J.M. Darhower and there has yet to be a story that she has written that I haven't fell in love with. I will always look forwarded to her next book.

This is the first book I've read from this Author and it definitely won't be the last! I really enjoyed reading Johnathan and Kennedy's story. It was easy to get immersed in the story and forget about the outside world. Definitely worth a read!

Once again JM Darhower delivered a page turning book. I could not put it down. A second chance at love story that makes you believe it could happen.

The story line was cute. The author has a great writing style where you want to keep reading. It's unputdownable!

There's always been something so heartbreakingly real about celebrity romances for me. When done right, there's a somber undertone to the story, an overwhelming sense of impending loss, a fear of being left behind. When a Hollywood love story is executed well, as a reader, I can't help but feel that wholly encompassing fear that the character and I are both losing someone we love to the world, to celebrity, to everything that comes along with fame. JM Darhower NAILS that feeling in Ghosted, a heart wrenching second chance romance between a boy with big dreams and a girl who gives up everything so he can chase them. I can't even put into words how FANTASTIC this book is. I can't properly explain how much I FELT while I read this book. JM Darhower is one of my absolute favorite authors, and while this book is so unlike anything she's ever written before, a book I never, ever expected, it's one of my top favorite books from her to date. Ghosted is written in a way that is so refreshing, so different from anything else I've read. It took some getting used to, the

way Darhower illustrates the flashbacks in this story, but once I fully grasped what the author was revealing by writing them the way she did, it was like a punch to the gut. It's heartbreaking and beautiful and so intense, seeing things unfold the way we're able to in those scenes. It packs such a punch, adds such a complex layer of emotion and angst to an already tumultuous story, and it made me appreciate the brilliant writing and storytelling of this author in a way I never had before. I read this entire book with my heart in a vice. This book is relentless with those deliciously brutal heart tugs, the pleasure pain a constant reminder of just how difficult, how right, how perfectly messy the dynamic has become between Jonathan and Kennedy. And every time I think back on this book, on the most unforgettable scenes, on the most romantic moments, on the parts that were so painful they took my breath away, my heart squeezes in my chest all over again. For me, a measure of a really fantastic love story is how often I can literally feel my chest aching. *Ghosted* gripped my heart and never relented. I haven't read a book that gripped my heart like this one did in so long and I wish it wasn't over. This isn't a short book by any means and I still NEVER WANTED IT TO END. I can't say it enough... THIS BOOK IS PERFECTION. I'd change nothing. I'd critique nothing. I'm left wanting for nothing. This story is surprisingly funny, unbelievably emotional and completely addictive from the very first page to the very last. It felt SO REAL. The banter between these characters (ALL OF THEM) is so sharp, so quick, so perfect. The way the author allows this story to evolve is just... EVERYTHING. It's phenomenal. The timing and the pacing and the perfectly placed humor, the steamy scenes and the moments of heartache, the characters that you can't help but fall HEAD OVER HEELS COMPLETELY IN LOVE WITH, the romance, the angst, the writing, the groveling, the headstrong heroine that never makes this easy, the deliciously infuriating hero that makes you love him even when it's hard, the flashbacks and the broken dreams and the drama that comes along with fame... this book is ALL THE THINGS and my words can never do justice to how AMAZING it is. There just aren't words. It's. That. Good. I want to feel *Ghosted* feels every time I open a book. I want to hurt and laugh and long and fear and feel completely consumed EXACTLY the way I felt while reading THIS BOOK always. It's everything a second chance romance was ever meant to be. It's everything a Hollywood romance was ever meant to be. It's everything a good love story was ever meant to be but it was never fluffy or sugary sweet or rushed or over the top or forced or overly dramatic. It was just perfect and right and I can't get enough. Hands down, *Ghosted* is one of my top favorite reads ever. I loved it SO much.

6 Superhero " Single Mama " Second Chances " AWESOME " StarsI started writing my review about five times. I keep on going back and deleting, adding and deleting

again. Sometimes you read a book that is so good it just leaves you speechless. I'm speechless. I absolutely loved Ghosted. I LOVED IT. When I started the book I knew within the first page that I was going to devoured this novel like a popsicle on a hot summer day. Ghosted is a long book, but honestly I could have read hundreds of pages more of it. I savored each and every word to the final one. Ghosted is a second chance novel about love. Yes, this book is 100% about love and what people endure because of love. There's a Hollywood Hero, a single mother and an adorable little girl. It's about mistakes, redemption and life too. The thing I loved so much about this book was the way it was written. I loved the flow of the writing. I felt like J.M. Darhower was telling me a story. I felt like I was a part of that story and as I was reading I felt like everything around me, my bed, my pillows, heck even my kids disappeared and all I could focus on was Kennedy and Jonathan. I was enamored by their story because lets face it, it's an epic love story. The book goes back in forth between the past and present, but it's not in the typical way. You will just have to read to find out. I don't usually like flashbacks but with this book I couldn't get enough of it. I wanted to see how they fell in love and well, basically what happened. Kennedy is a strong, independent and resilient woman. I wanted to be her. She does everything for her daughter, even it means working at a grocery store. Kennedy is a character anyone can fall in love with and you just want to give the girl a hug. She's single and lonely and she has a crazy past. A past that involves Jonathan. What can I say about Jonathan? I wanted to hate him, I wanted to love him, I wanted him to not break my heart. He made me feel an array of emotions and throughout the entire book and I was on the edge of my seat because of him. If I could describe Jonathan in one word it would be redemption. Because of past mistakes Jonathan is back and he's trying to make his wrongs right. Ghosted is so much more than a story about a single mom and a baby daddy coming back. There's so much that goes on in this book and it's never typical, never generic and I never knew what's going to happen. I LOVED that. I read a lot of Hollywood romance books and this did not remind me of any of them. Ghosted is in its own category. I can't stress enough how epic, wonderful, fabulous and beautiful this story is. I love EVERY single word written. I wouldn't have changed anything in this book. If anything I wished there was another book because I could read Kennedy and Jonathan's story forever. Thank you J.M. Darhower for writing this beautiful work of art because that is what this book is truly is. It's art and you made me a very happy reader.
