Fashion Sketchbook (5th Edition)

Synopsis

With new and revised illustrations and instructions, this edition of Fashion Sketchbook is still providing students with a comprehensive course on sketching the fashion figure, fabric shapes, and garment details. Abling's directions are easy to follow and detailed, using minimum narrative and numerous diagrams. Fashion Sketchbook, 5th Edition, explains step-by-step how to draw women, men, and children; pose the figure; develop the fashion head and face; sketch accessories; include garment details; and prepare flats and specs.

Bina Abling has taught courses on design concepts, fashion illustration, model drawing, and fashion portfolio in the fashion design departments at the Fashion Institute of Technology and Parsons School of Design. She is the author of numerous books on fashion illustration, model drawing, and rendering.

Ms. Abling has done an excellent job illustrating how to illustrate, for apparel. The workbook-like format is easy to follow and instinctually laid out. She explains the materials needed, and the techniques she uses to create lovely illustrations. A must-own for any fashion design student. As a side-note, she also has several great YouTube videos explaining some of her techniques as well. They're a nice supplement to this book.

This book is great for the drawing aspect but the rendering tutorial is HORRIBLE. Which sucks because portraying textiles accurately is more important than getting the figure right. Especially since they need to be drawn more. Drawing the figure and the garments however, this is a great step by step book for that. Perfect perhaps.

Very helpful!

Happy to find this here on . It is a very large book with lots of reference, good for Fashion illustrators.

Very good book. in very good shape. And also really cheap. I wanted the latest edition but it is almost the same. I need it to prepare my class. It has everything you need to know of sketching if you study fashion design.

Bina Abling's Fashion Sketchbook is a wonderful book for all fashion design students learning or re-learning to draw the fashion figure. This book is comprehensive with examples of women's, men's, and children's wear sketching. The drawings and illustrations in the book are very clear and inspiring. This is one of the important books I recommend to my students at FIT and Pratt.

I'm not an artist; with the guidance of this textbook, I was able to create some nice sketches. I amazed myself.

Great, informative book for drawing.
