Customer Reviews

For intermediate to piano players. Very relaxing feel.

If you have to buy one Jim Brickman, this is the one! I use this for church, weddings, or just enjoyment. I have played for 16 years and this one has all my favorites!

Jim Brickman pieces are fairly easy to play and pleasant to listen to, but the same melody returns

again and again, so they are not very interesting. I would recommend this book to players who want to set a relaxing mood, but not to those who want to provide real solo entertainment.
