Training For Speed, Agility, And Quickness-3rd Edition

Synopsis

Training for Speed, Agility, and Quickness is the workout guide you need in order to perform a step ahead of the competition. What elevates this book to become the ultimate training resource is the exclusive access to the online video library of drills, ideal for both athletes and coaches. It allows you to see exactly how to perform key tests and execute the best and most complex drills from the book. Sample training programs are included for the following sports: Baseball and softball, Basketball, Soccer and field hockey, Volleyball, Football, Tennis, Netball Cricket Rugby, Australian rules football Top sport and conditioning experts present the best information on testing, techniques, drills, and training programs available to maximize athletes' innate movement capabilities. The book contains 195 drills, many of which are fully illustrated, while the most complex drills and useful tests to track athletic skills and progress are featured in the online video library. This product is manufactured in United States.

perfect! a great resource for me and my students!

Good item.

Great

Nice and handy for any strength and conditioning coach

Everything came as expected. It shipped fast, everything was brand new and unused. I would definitely refer to others.

Great follow up to the last edition. Not just a "re-boot", but fresh new info presented in a great format.

Videos on line are great.

Another great edition from the S&C master Dr. Lee Brown.
