PCEP Book III: Neonatal Care (Perinatal Continuing Education Program)

Synopsis

Time-saving, low-cost solutions for self-paced learning or instructor-led training! Developed for health care professionals who provide care to pregnant women and newborns, the Perinatal Continuing Education Program (PCEP) is a comprehensive, self-paced education program in four volumes. Completely updated and revised with leading-edge procedures and techniques, Book III: Neonatal Care, 3rd Edition features 10 units covering information and skills assessment and initial management of frequently encountered neonatal illnesses, plus the comprehensive unit review *Is the Baby Sick?*, which ties all neonatal therapies and skills together for management of sick and at-risk newborns. PCEP is a proven educational tool for:

- Improving perinatal care know-how, policies, practices and procedures
- Establishing organization-wide care goals and routines
- Teaching both practical skills and cognitive knowledge
- Saving time and money -- streamline the learning process
- Reducing care risks through staff-wide consistency of knowledge and skills competency
- Encouraging cooperation and communication among diverse staff
- Simplifying education planning and budgeting
