Pocket Guide To Chemotherapy Protocols

POCKET GUIDE TO
**CHEMOTHERAPY
PROTOCOLS**
SEVENTH EDITION

Edward Chu, MD
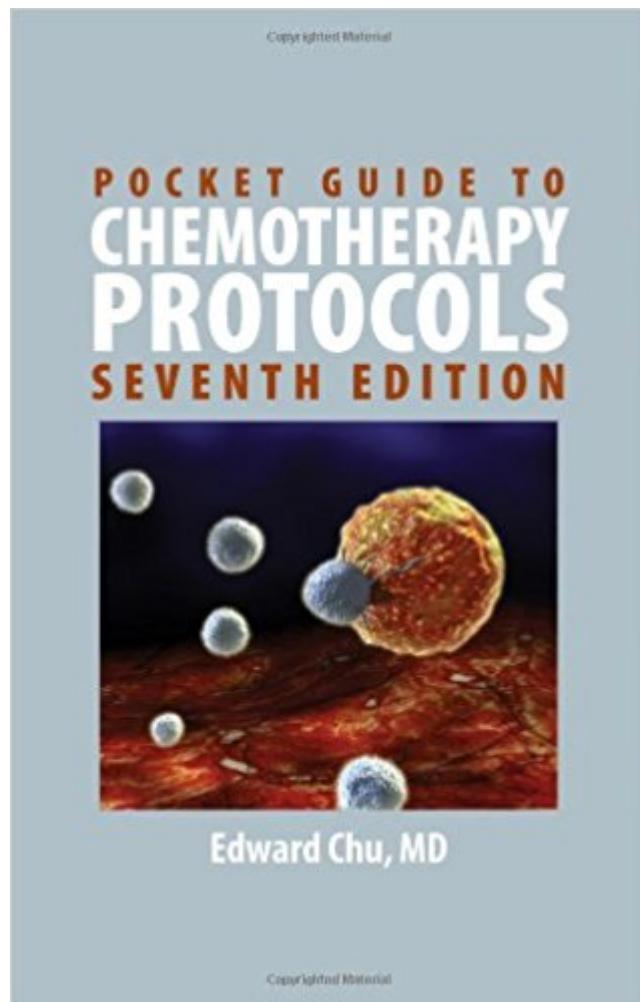

Synopsis

Newly updated for 2012, the Pocket Guide to Chemotherapy Protocols, Seventh Edition, is a spiral-bound quick-reference guide arranged alphabetically by cancer type. This handy, practical pocket guide contains combination, as well as selected single-agent regimens for solid tumor and hematologic malignancies. In each case, the regimens selected are based on published literature and are used in clinical practice in the medical oncology community. The Seventh Edition of the bestselling pocket guide is completely revised and updated and continues the success of previous editions by offering cancer care professionals complete, authoritative information in a convenient format. Pocket Guide to Chemotherapy Protocols is a must-have quick reference guide for physicians, nurses, and other health care providers treating cancer patients.

Customer Reviews

Great information. I wish there were tabs on the outside to hel locate each disease.

As with all chemotherapy references, double check with a second reference or the original publication. Found 1 error, however, this is probably the most comprehensive reference I have seen for adult cancer treatment options.
