An Insider's Guide To Football (Sports Tips, Techniques, And Strategies)

Synopsis

Football is America's most popular sport, with the Super Bowl nearly a national holiday. This accessible guide will appeal to young fans of all knowledge and experience levels. First, it covers football's origins and the rules and equipment of its early era. Today's game is described in detail, including rules and objectives, the playing field and equipment, and game officials and their roles. Readers glean tips on fundamentals for the offensive and defensive lines, such as tackling, catching, and throwing the perfect spiral. Aspiring youth players learn how they can get involved in the sport and where to go for more information.

Product Dimensions: 7.3 x 0.4 x 9.3 inches

Shipping Weight: 10.4 ounces (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 1 customer review

Best Sellers Rank: #5,922,074 in Books (See Top 100 in Books) #97 in Books > Teens > Sports & Outdoors > Football #9685 in Books > Sports & Outdoors > Football (American)

Customer Reviews

Gr 5-8-These readable overviews make good use of photos, graphics, and inserts to introduce the rules and history of each game, along with playing tips. Basketball skills such as pivoting and playing defense are clearly and concisely explained through text and photos. There's also focus on fitness and inclusiveness. Girls and young women are shown playing and working out; an inset titled "Anyone Can Play Football" (in Football) notes that female teams now play at all levels. Volleyball includes a brief mention of athletes in wheelchairs competing at a sports camp, as well as a photo. Baseball offers a short discussion of steroids usage and its impact on the game, while Soccer notes Pele's impact on the sport's popularity. These are well-written, attractively designed books, and it's especially nice to see coverage of softball and volleyball. (c) Copyright 2014. "Football, an Insider's Guide", is in a gray area for picture book genre with its chapters and 44 pages, but I chose this for Perfect Picture Book Friday because of the pictures on every page and the appeal it would have for ages between four and eight or even eleven. However after I did a little research it was clearly for grades five through eight. It tells the reader about the history of football and an elementary (which I needed) understanding of the game. My late husband loved it and often tried to explain his love of football for me. But I never got it!! Now I think if I follow up with a game or two I may be able to follow along. And with Super Bowl 50 coming up I have at least this rudimentary understanding of what football is all about and all Americans love. When I worked in a hospital and the game was on TV no one needed pain shots and no family members bothered me with questions I could not answer. If I asked who was winning, I had instant rapport with everyone in the room including the patient.
