Customer Reviews

I got one of these for myself, and was so pleased I ordered a bunch as gifts for my family and friends. I put them on the table with some color pencils after dinner at a family gathering, and it was great to see everyone paging through the book, laughing and reading the words out loud. SUPER FUN to watch all the adults busy coloring and having such a good time! The images are lighthearted and fun- rustic lettering with designs that are great for coloring to relax, not "insanely busy" like so many of the adult coloring books available now.

I'm Irish,I love it,it's teaching more of my native tongue. LOL. :) Good purchase. Very funny. Has a dictionary type thing in the back to describe each word. LOVE this!

I bought this for my daughter who is 28 because we did some DNA testing and found that she has some Irish in her DNA. She loved it and said that she definitely plans to color in it. It was a bit of a gag gift, but she loved it. So I'm happy with this purchase. I really like the glossary in the back too.

fun gift. arrive fast and as described

Bought this as a gift and the receiver loved it. Great product.

Sorry, but zero stars. It looks like poorly hand drawn pictures and even worse copies of the pictures. I could have drawn and written better and my home copier would had produced better copies. Very little actual pictures mostly bubble letters of Irish slang.

Made a great birthday gift for my friends heading to Ireland recently. The slang in the back was great and had everyone at the party laughing and doing their best attempt at an Irish accent. Highly recommend!
