Customer Reviews

Wow! What a fabulous selection of 50 DIFFERENT emojis to learn how to draw! Produced on quality, full size paper, you will find one emoji art lesson per page. (On the back of each page is the number of the next emoji which also gives you extra white space to practice in. My ONLY complaint about the book is that on some of the emojis (not all) where you are required to erase some of the lines as you proceed, that is not possible with the pre-drawn circles provided. HOWEVER most of us have plenty of paper lying around so we can use that once we get the gist. Each emoji is shown in 4 STEPS which is plenty. If you or your child want to learn how to draw emojis then I highly recommend this book. I was provided a copy of this book by the author/illustrator. That has not influenced my review in any way. Thanks, Liz

Will get you headed in the right direction! If your looking for something to get you in right direct as far as drawing Emojis look no further!
